Bad Science Ben Goldacre Free - Reliefwatch

"Ben Goldacre, a British physician and author, has written a very funny and biting book critiquing what he calls "Bad Science." Under this heading he includes homeopathy, cosmetics manufacturers whose claims about their products defy plausibility, proponents of miracle vitamins, and drug companies and physicians who design faulty studies and manipulate the results . . .

Bad Science Free Review by Ben Goldacre - getAbstract

Nutritionism, which Goldacre does not consider to be proper science but has been accepted as so by the media. He says nutritionists often misrepresent legitimate scientific research, make claims based on weak observations, over-interpreted surrogate outcomes in animal and tissue culture experiments and cherry picked published research.

Bad Science (Goldacre book) - Wikipedia

Ben Goldacre Perhaps it's too embarrassing for some writers to risk linking to primary sources that readers can check for themselves Sat 19 Mar 2011 04.00 EDT First published on Sat 19 Mar 2011 04 ...

A case of never letting the source spoil a good story ...

Ben Goldacre masterfully dismantles the dubious science behind some of the great drug trials, court cases, and missed opportunities of our time. He also shows us the fascinating story of how we know what we know, and gives us the tools to uncover bad science for ourselves. ©2008 Ben Goldacre (P)2010 WF Howes Ltd More from the same

Summary and reviews of Bad Science by Ben Goldacre

We like to imagine that doctors are familiar with the research literature surrounding a drug, when in reality much of the research is hidden from them by drug companies. We like to imagine that doctors are impartially educated, when in reality much of their education is funded by industry. 5 out of 5 stars.
