National Electrical Code 2008 National

The National Electrical Code (NEC), or NFPA 70, is a regionally adoptable standard for the safe installation of electrical wiring and equipment in the United States. It is part of the National Fire Code series published by the National Fire Protection Association (NFPA), a private trade association. Despite the use of the term "national", it is not a federal law.

National Electrical Code - Wikipedia

NFPA 70®: National Electrical Code® (NEC®) is the basis for electrical safety that has saved countless lives. Adopted in all 50 states, the NEC helps protect people and property from electrical hazards involving wiring and equipment.
