Kobo Reading App: This is another nice e-reader app that's available for Windows Phone, BlackBerry, Android, iPhone, iPad, and Windows and Mac computers. Apple iBooks: This is a really cool e-reader app that's only available for Apple

World War II Flight Surgeons

The role of flight surgeons continued to mature and expand as the U.S. faced World War II. The 1941 movie Dive Bomber, although focused on Naval Aviation, highlighted the role of the flight surgeon just prior to the attack on Pearl Harbor, and demonstrated how solving the problems of hypoxia at altitude would reduce the aircraft mishap rate.

Flight surgeon - Wikipedia

Dr. Lamb Myhr was one of hundreds of thousands of young men who served his country in World War II. A flight surgeon in the United States Army Air Force, he served from Morocco to Germany and witnessed historic moments, including Generals Clark, Patton, and Eisenhower meeting to plan the invasion of Sicily.

Medicine and care in combat.For the flight surgeons serving the US Army Air Forces in World War II, every day was centered around "keeping them flying." Physicians such as Dr. Lamb Myhr faced a fundamental conflict: the drive to end the war quickly by force warred...

A World War II Flight Surgeon's Story by S. Carlisle May ...

Before World War II, the U.S. military showed little interest in using aircraft and flight nurses to evacuate wounded soldiers to rear areas. The global war, however, forced the U.S. Army Air Forces to revolutionize military medical care through the development of air evacuation (later known as aeromedical evacuation) and flight nurses.

The Flight Surgeon Badge is a military badge of the United States Armed Forces which has existed to designate Flight Surgeons since the Second World War. The Flight Surgeon Badge is worn by those members of the military who have completed the individual service requirements for award of the badge.

Flight Surgeon Badge (United States) - Wikipedia

From the conclusion of WWI to the onset of World War II, flight surgeons also trained as pilots became rarer and nearly ceased entirely as the war's demand for combat aviators increased. Physicians, who wished to serve as pilots, had to resign from the medical corps and become strictly line officers.
